“Home Cooking” for Raymond Hearn in Southeast Michigan President - Raymond Hearn Golf Course Designs Inc. (Holland, MI)

Holland, Michigan, 5-11-2017 – Significant remodeling assignments continue for Raymond Hearn Golf Course Designs Inc. and two of them bring Hearn back to home to his old stomping grounds.

“I am proud to be associated with two of Southeast Michigan most recognized golf courses,” states Raymond Hearn, president and founder of Raymond Hearn Golf Course Designs, Inc. “At Maple Lane it is an honor to be working for Mocerri Luxury Homes builders on the remodeling of the 1924 Maple Lane Golf Club working to accommodate new residential development and a new clubhouse.

Maple Lane Golf Club, an existing 54-hole golf course, when completed will be an upscale 18-hole golf course and a par 9-hole Par 3 course. The new and remodeled holes are beautiful and will stand proud with the best public and resort courses in Michigan and will complement the new Mocerri realestate and a gorgeous new clubhouse. New and remodeled greens, tees, fairways, bunkers, ponds and grass types will grace the redesign. “Growing up in Southeast Michigan, I took golf lessons at the Chandler Park Golf Course at the age of 10. Maple Lane was the second course that I ever played. I still remember the round and getting two pars. I felt like I had won the Masters!”

Ray is also assisting the National Golf Foundation on some preliminary investigations and conceptual design plans for the City of Detroit's public courses.

Some of Hearn's other current remodeling assignments:

- Schenectady Municipal Golf Course in Schenectady, NY
- Tuscania Golf Resort in El Slavidor (New)
- Hilton Oak Brook Hills Resort in Oak Brook, IL
- River Bend Golf Resort in Brownsville, TX

- Midlothian Country Club in Midlothian, IL
- Great Oaks Country Club in Royal Oak, MI
- La Riveria Resort in the Dominican Republic (New)
