

## FOR IMMEDIATE RELEASE (7-9-2018)

### Raymond Hearn Golf Course Designs Begins Construction of Two New Holes at the Waters Edge Golf Course in Fremont, Michigan

Raymond Hearn, President of Raymond Hearn Golf Course Designs, is proud to announce that his company has begun Construction on Two New Holes at the Waters Edge Golf Course (formerly the Ramshorn Country Club) in Fremont, Michigan. Fremont is home to Gerber Food Products and was one time the company's headquarters. Gerber products are distrusted in 80 countries around the world.

"What a great site featuring two beautiful lakes. The Owners hired me to create a long-term master plan for the golf course. Phase 1, in 2018, involves the construction of a new par 3 and a new par 4 in order to allow for the construction of a new state of the art driving range and short game area which is slated to begin this Fall. Beyond that, other hole improvements are currently being discussed with the Owner. When completed the improvements will definitely create positive attention and increased golfer draw from all major Michigan Golf Markets. When completed Waters Edge Golf Course will be added to the list of "most play courses in West Michigan," states Hearn.
