Ray Hearn is one of the top golf course designers practicing today. Mistwood Golf Club is arguably the most popular and successful public course in the State of Illinois due in great part to his design. Chicagoland Magazine has honored the course with a 6-star rating (highest in Illinois). Ray Hearn's original design and remodeling updates are true genius. No other golf course architect will come close to his commitment (design and site visits) and his company's comprehensive design process. Hiring his company will be the best decision you have ever made. You will reap the benefits for many years to come.
